

Saint Anthony Catholic School & Saint Anthony Computer Agreement

As students are deployed a St Anthony device, it is important for us to finalize the expectations. All students assigned a device must use St Anthony Catholic School Chromebook/ iPad and software. Devices will have filters and software to allow students to access their textbooks and allow teachers and staff to monitor student actions on the device. Please review the rules and regulations as a family. Both Parent and student need to sign the bottom of this sheet in order to receive their device:

- If your device is damaged, you must report it immediately to your homeroom teacher. Chromebook repairs are covered under the non refundable insurance fee of \$25 (for 2 incidents). The first (2) repairs of the iPad are \$50, and any other repairs thereafter are \$150. If your iPad is lost, a fee will be applied. If checking out a loaner device, it must be returned at the end of each day.
- If you lose your device you will have to pay for the full cost to replace the device.
- If your device is taken away for inappropriate use or breaking the Acceptable Use Policy (AUP) you will have to meet with administration and parents to decide if an alternate device can be used.
- It is encouraged that each student purchase their own case (Chromebook only) and earbuds.
- Students must adhere to the AUP in the Family Handbook (see attached).
- The use of the device is limited to educational purposes under the guidelines of the St Anthony Mission Statement, Statement of Beliefs, and Goals as set forth in the Family Handbook, unless teacher approved.
- The device must remain in the possession of the student to whom it is assigned. The borrowing or exchange of device between students is prohibited.
- Students are not to decorate their iPads with stickers, markings, etc. in any way. Only personal Chromebook cases may be decorated/ personalized.
- Students are responsible for bringing the device fully charged to every class every day.
- The administration, in its sole discretion, reserves the right to amend these regulations at any time and also to impose disciplinary action as it deems appropriate.

Signature of Student: _____

Signature of Parent: _____

Device #: _____ Date: _____

Tech Initials: _____

Chromebook Ins. Fee Paid: _____

(Check if yes)
