These clinics are a great way to introduce the game, or reinforce the skills of the junior player. We have a basic 6-step formula to teach your child the proper fundamentals of the game. Your child will learn safety and etiquette, parts of the golf club, basic rules and terminology of the game. Then onto the proper grip, set up, take away, back swing, down swing, impact and finish. The difference between irons, woods, putting and chipping.

**All equipment will be provided by the academy and taught on school grounds.**
